## A NIGHT AT THE RACES

Our Thoroughbred horse races are up-to-date productions of real live horse racing. Each race features commentary by professional race track announcers and shows the horses parading to the post, loading in the gate, split screen close-ups, horses in the lead graphics, the tote board results, the winning horse in the winner's circle, slow motion photo finish replays, plus a full graphic and commentary announcing the results of each race.

Actual horse racing that's been videotaped using Live Races and narrated from start to finish by many top-rated announcers. We've captured all the suspense and close-up action that will enable your organization to recreate the atmosphere of being at the racetrack. And most importantly, this exciting social and fundraising event is conducted right on your premises! Just imagine the reaction of your audience as they root, cheer, and shout for their favourite horses from the start of the race to the finish line. Without a doubt, everyone will be hanging onto their seats as A Night At The Races® turns your party into a rousing success.
