

## TEAM ART/THE BIGGER PICTURE

"This Event emphasises the need for clear and accurate communication, encouraging teams to work together ..."

The Bigger Picture is the ideal conference icebreaker. Designed to sit comfortably within your conference environment, 'The Bigger Picture' provides an excellent teamwork and communication forum for the entire group.

Drawing on the delegates' conceptual and spatial talents, this high quality, fun exercise requires small teams to work independently to collectively recreate a work of art from limited available information.

The group is split into small teams with each team member receiving a small square section of a large unseen picture. The small image must be scaled up and reproduced on a larger tile using the artists materials provided.

At the conclusion of the Event, all the teams gather together in an attempt to assemble the individual pieces correctly within a framework - the picture is completed – quite often with hilarious results.

This Event emphasises the need for clear and accurate communication, encouraging teams to work together knowing they've played an important part in creating 'The Bigger Picture'.

As with all SA Teambuilding's team building events, we do all the planning, creating and legwork. It's the best way to guarantee you a fun, engaging and wrinkle-free team building experience.

This event is non-strenuous and can be performed indoors and outdoors, group size and break up can be determined on the day and is done by SA Teambuilding

### What is included in your Teambuilding?
